

Dr.TWL Infinity Customisable LipStain Palette [Launching 12 Dec 2019 at the brand new www.drwlpharmacy.com]

[One Palette—Infinite Possibilities] Be your own Dr.TWL Colour Scientist! Say no to wasted makeup packaging, declutter your makeup and anti-age your lips at the same time. This palette contains everything you need to design your own highly pigmented lip stains on the go, while travelling and with infinite colour possibilities in one basic palette. Lip base fortified with #DNALIP from Salmon Roe DNA and moisturising phytoceramides to volumise, anti-wrinkle and nourish your lips.

Entire Kit Contains:

[5 Bases + 3 Lab Formulators] Featuring highly pigmented shades of red lipstick bases which is used to make colours from each wheel (wine red, fiery red, berry, coral and pinks) can be customised with our in-house formulated intensifiers to make any shade imaginable!

[Dr.TWL Anti-Ageing Lip Wand] Comes with a Lip Wand with specially processed Biomimetic Synthetic Fibres— for hassle free on-the-go efficient colour mixing and cuticle-free angled fibres for precision application.

[7 Re-usable Empty Magnetic Tin Pans] For you to mix and store your own unique LipStain creations.

[Silvexia UV-Protective Palette] Durable portable palette, designed to fit into your standard makeup bag for on-the-go creation of lipstains! Coated with a sophisticated finish with advanced materials engineering technology. UV-protective anodized silver prevents UV-degradation of cosmeceutical active ingredients. Perfect for travel.

[Eco-friendly, Zero Waste Makeup Concept] The magnetic palette system allows creation of your own unique palette, with easy swapping out and add-on of additional tins—including our cream blush, highlighters and cream shadow formulas!

[Pi- π Advanced Colour Science System] Integrated with our virtual Dr.TWL LipStain Mixer, launching 20 Dec 2019
